

QUICK START GUIDE

1] WIRING

- 1. Connect your CUBEPOWER receiver to your devices using the relay connection.
- Connect the receiver to power. 2.

2] SET UP THE INSTALLERCUBE APP

Scan or click the QR code below to download 1. the app.

- 2. Once downloaded, authorise the app to use Bluetooth communication and the GPS localisation.
- 3. Create your CUBE X account if this is your first time using the app.

Define e-mail address, name and password. A verification e-mail will be sent to your e-mail address.

3] CONNECT TO YOUR CUBEPOWER

- 1. Press 'Scan Devices'.
- Select the receiver that appears on the list. 2.

If the receiver doesn't show:

EN

- Ensure you are within a 30m range of the location of the receiver.
- Ensure noone else is connected to the receiver.
- 3. Enter default passwords.

Administrators	11111
Installers	00000

- Administrator: Can set passwords for both installers and administrators.
- Installer: Uses the password set by the Administrator.

Note: The installer cannot change the passwords.

If 'Default Password' appears in red it means, at least one of the passwords have the default value.
