Installation

System Overview

Dahua Mounting Bracket works with front-end services, supporting installation methods such as wall mount, pole mount, corner mount and in-ceiling mount. Select brackets are designed to suit complex scenes, making them convenient to use in environments with high temperatures, humidity, frequent vibrations, and in locations that are highly corrosive. These highly reliable brackets are easy to install and use.

Scene

Ideal for mounting cameras, it works in temperatures ranging from -40°C to +60°C (-40°F to +140°F) and in environments with relative humidity of less than 90%.
