VTM123
Desktop Mounted Bracket

Features
· Size: 190mm*100mm*54mm
· Dip angle: 45°
· Desktop mounted bracket for indoor monitor

Installation

Take VTH5221E-H for example.

a) With two M3×6 cross recessed countersunk head screws, tighten the metal bracket onto the top two nuts of desktop bracket.

b) Please connect wire by reference to the instructions.

c) After wiring, guide the wire through wire outlet in the rear or at the bottom of desktop bracket.

d) Put the handset VTH along slot at the top of metal bracket, and install it into the bracket.
